

The complex nature of logistics is as much about asset management as it is fuel and tyre costs. Making sure you have the trailer capacity to meet your freight demands, when and where you need it. Ensuring you have funding that maximizes cash flow and tax efficiencies. Knowing you are adequately covered for possible damage, maintenance or breakdown. You need the confidence of a heritage based on integrity and success. The sort of confidence you get from GE's TIP Trailer Services.

Who are we?

TIP Trailers Services is a division of GE's Equipment Services' business, which in turn is part of GE Industrial.

GE Equipment Services is focused on keeping the world's supply chains up and running with full service transport solutions. It finances and operates a wide variety of commercial vehicles, trucks, trailers, tankers and intermodal equipment, railcars, plant hire and modular buildings.

Within this group, GE's TIP Trailer Services provides transportation and logistics customers' leasing, rental, maintenance and value-added solutions that keep freight on the move all over Western and Eastern Europe.

Headquartered in Amsterdam, GE's TIP Trailer Services can supply you with the products and services you need, from over 100 locations across Europe.

With more than 74,000 units on the road, TIP Trailer Services is the industry leader with one of the largest and most diverse trailer, tanker, intermodal and truck fleets.

And with a range of solutions and services structured to meet all your needs.

'Your freight can't wait'

'Your freight can't wait' is key to our customers' thinking.

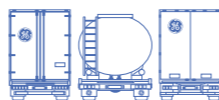

GE's TIP Trailer Services has adopted the slogan 'Your freight can't wait', because it represents the very essence of our customers' business.

'Your freight can't wait' reflects what everyone in the transportation business should have at the top of their mind. Whatever needs to be done to get their customers' freight delivered on time and in the condition that they expect.... this is what our business is all about.

'Your freight can't wait', and we know it.

Where it all comes together

Your freight can't wait

GE imagination at work

Equipment Sales
 Purchase from a large selection of previously owned equipment. Select equipment from an industry leader with one of the largest and most diverse fleets in Europe.

Rental
 Rent from as little as one day up to one year and choose from a range of back up services.

Leasing
 Finance your equipment through a company that knows your business and has value-added leasing solutions.

Fleet Options
 What you need, when you need it!

GE's FleetOptions offers you a wide range of equipment with flexible financing options, from short term rentals to long term leasing. With the largest trailer, tanker, intermodal and truck fleet in Western and Eastern Europe, and its Pan-European branch network, GE's Tip Trailer Services gives you more options to meet the demands of your business today and in the future.

FleetCare
 Making uptime the standard

GE's FleetCare offers you preventative and corrective maintenance services for your entire fleet through its extensive network of European workshops. We provide damage repair support and a compliance management service, to ensure that we maximize your uptime and keep your freight on the move wherever you are in Europe.

Maintenance
 Managing your maintenance, repairs, compliance and regulation needs through a flexible contract arrangement, or as a one-off service for your complete fleet and tyres.

Roadside Assistance
 24/7 service contact centres to help you get your equipment quickly back on the road.

FleetIntelligence
 Optimizing performance and profit

GE's FleetIntelligence offers you consulting advice, state of the art tracking and tracing technology and on-line services, to ensure that you achieve your best possible performance and improve profitability. With over 40 years expertise in the trailer business we offer much more than just financing.

Consulting
 A team of experts to help you improve your business and supply chain processes, and increase your overall fleet productivity and profitability.

Asset Intelligence
 User-friendly solutions using the best-in-class technology to help you to track and trace your equipment and freight.

On-line services
 24/7 web-access to knowledge, process and documentation that helps you manage your fleet more efficiently and effectively.

FleetProtect
 Covering all the bases

GE's FleetProtect offers you various protection plans that cover you against costs resulting from damage, theft or loss to leased or rented equipment. It waives your contractual obligations under the lease agreement for the cost of damages. You can also opt for additional protection to cover tyre damage.

Damage Protection
 Protection against damage, total loss or theft to your leased or rented equipment up to a maximum of the full replacement value, with or without contribution amount.

Minor Damage Protection
 Protection against unexpected costs caused by small accumulative damages such as broken lights, lenses, cuts to the curtain, missing mud flaps and roof bows.

TyreCare
 Protection against tyre damage, such as punctures, explosions and sidewall cuts.
